O R D E R:

In the G.O 1st read above, the erstwhile M/s Nagarjuna Fertilizers and Chemicals Ltd. (NFCL), Kakinada had been allotted 9 MGD of raw water from Samalkot Canal system for a period of thirty (30) years subject to certain terms & conditions which was expired on 15.03.2021.

2. In the G.O 3rd read above, the Government issued orders for setting up of 1.0 MMTPA Green Hydrogen based Green Ammonia manufacturing facility at Kakinada through A.P. Integrated Clean Energy Policy 2024 and issued incentive regarding Industrial water supply “Industrial water shall be provided at the doorstep of the manufacturing facility and 25% exemption of the applicable industrial water charges for 5 years. Thereafter the water charges shall be payable as per the applicable rates from time to time.

3. In the letter 4th read above, M/s.AM Green Ammonia has requested various infrastructure support from the Government to commence production and consequential commercial operations of supplying green hydrogen based green ammonia to international and Indian markets as M/s.AM Green Ammonia and its affiliates has successfully acquired the existing assets including 595 acres of land of NFCL Kakinada plant through SARFAESI Act process and to arrange necessary orders from Water Resources Department for confirming of current existing firm allocation of same capacity of 9 MGD (Million Gallons per Day) raw water allotment of NFCL project with the tariff of Rs. 1.21 per m^3 to AMGAIPL immediately to start the further procedures.

4. In the letter 6th read above the Engineer-in Chief has requested the Government based on the report of the Chief Engineer, GDS to issue necessary orders to effect the transfer of existing allocation of 9 MGD (Million Gallons per Day) raw water on the name of NFCL project to the firm AM Green Ammonia (India) Pvt Ltd for a period of 30 years at the rate fixed by the Government, subject to the following terms and conditions:

1) The allocation shall be at the rate fixed by Government from time to time, subject to the provisions of G.O. Ms. No. 5, Energy (Power- II) Dept., dated 06.01.2025, i.e., 25% exemption of applicable industrial water charges for the first 5 years; thereafter, charges shall be payable at full rates as notified.

2) The company shall execute an agreement with the Superintending Engineer, Irrigation Circle, Dowlaiswaram, incorporating necessary conditions for water drawl.
3) The firm shall clear all pending dues of NFCL up to June, 2024 amounting to ₹17,27,629/- as well as charges for water already drawn by M/s AM Green Ammonia Pvt. Ltd. up to March, 2025, prior to commencement of drawl under this order.
4) The allocation shall be used exclusively for industrial purposes.
5) Government reserves the right to review, curtail, or cancel the allocation in the event of drought conditions, public interest, or violation of terms.

5. After careful examination of the matter, Government hereby accord permission to sanction for allocation of 9 MGD (Million Gallons per Day) of raw water from Samalkot Canal System in favor of M/s AM Green Ammonia (India) Pvt. Ltd., Hyderabad, for a period of 30 (thirty) years, at the rate fixed by the Government to AMGAIPL subject to the terms and conditions as mentioned at para-4 above.

6. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer, Godawari Delta System, Dowalaiswaram and the Collector & District Magistrate of Kakinada District, shall take necessary action accordingly.
